27) THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- i. The voting period begins on **Saturday, 25th September, 2021 at 9.00 am and ends on Monday, 27th September, 2021 at 5.00 pm**. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **Tuesday 21st September, 2021** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
- iv. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A) Overview of the Economy:

India's economy grew at a better-than-expected rate of 1.6% in the January-March quarter from a year ago, but the severe second Covid wave has created economic uncertainty and dampened sentiment.

The economy, which was facing a slowdown even before the pandemic broke out last year, contracted by 7.3% during April 2020 to March 2021 fiscal (FY21), weighed down by nationwide lockdown that pummelled consumption and halted most economic activities.

This is the first full-year contraction in the Indian economy in the last four decades since 1979-80, when GDP had shrunk by 5.2%. The economy has grown by 4% in the previous 2019-20 fiscal. The Government does not expect the severe second wave to have a large economic impact. However, the outlook appears uncertain.

The pandemic has resulted in a huge number of job losses. According to CMIE over 97% Indians have become poorer compared with the last year and unemployment levels are at 13.73%. This will take a toll on consumption and consumption led Companies. Given the strong recovery in other countries commodity prices may remain strong and there is a worry about inflation, global as well as local, and its impact on interest rates.

The Indian manufacturing sector is showing increasing signs of strain as the Covid-19 crisis intensifies. Key gauges of current sales, production and inputs being weakened noticeably in first quarter of FY22 and pointed to the slowest rates of increase in the ten months.

B) Industry Scenario:

The textiles and apparel industry in India has strengths across the entire value chain from fiber, yarn, fabric to apparel. It is highly diversified with a wide range of segments ranging from products of traditional handloom, handicrafts, wool and silk products to the organized textile industry. The organized textile industry is characterized by the use of capital-intensive technology for mass production of textile products and includes spinning, weaving, processing, and apparel manufacturing.

The year under review saw a significant reduction in demand and supply owing to the pandemic. However, the industry recovered ferociously after the 1st wave and did rather good overall for the year. This was true for the company's products as well. Raw material prices have recovered considerably but the industry has witnessed healthy pricing power and been able to pass on these increases to the customer. It is expected that once the 2nd wave wanes in the current fiscal, demand would recover as before.

C) Opportunities, Challenges, Threats, Risk and Concerns :

The COVID-19 pandemic is a global humanitarian and health crisis, which continues to impact the major part of the country and the other geographies also reporting second and third waves of infections. The actions taken by various governments to contain the pandemic, such as closing of borders and lockdown restrictions, have resulted in significant disruption to people and businesses.

The uncertainty in demand with prolonged economic impacts of the COVID-19 pandemic will result in impact to production and may cause us to implement major cost control measures and other initiatives.

New and changing regulatory compliance, corporate governance and disclosure requirements may increase our costs of compliance.

Change in the policies of the Government of India may adversely affect economic conditions in the country generally, which could impact our business and prospects.

Covid has resulted in the loss of senior factory personnel and continues to pose a risk to health of employees just as it does to the wider public. Risks related to the market in which we operate, may affect our profitability negatively if shutdown is prolonged or if we are unable to eliminate fixed or committed costs in line with reduced demand. Unavailability of supply of electricity is another risk factor.

The Government's ability to limit the spread of the virus and materially increase the rate of vaccinations will have a direct impact on the trajectory of both health and economic outcome.

D) Business Outlook:

Indian economy is expected to rebound in current fiscal ending March 2022 and perhaps clock a growth of 9-10%, but a severe second Covid wave has increased risks to India's credit profile and rated entities.

India's economy rebounded quickly from a steep contraction in 2020, but a severe second wave of the coronavirus has increased risks to the outlook with potential larger-term credit implications. Risk to India's credit profile, including a persistent slow-down in growth, weak government finances and rising financial sector risk, have been exacerbated by the shock.

There are signs of pickup in economic activity and the recovery should gather pace by the end of first quarter FY22, helped by the decline in COVID cases and faster vaccination. Going forward, capacity utilisation in polyester industry is expected to sustain at better levels in FY22.

E) Segment-Wise Performance or product wise performance:

The company has only one segment i.e. Manufacturing of Textiles, therefore the requirement of segment-wise reporting is not applicable to the Company.

F) Internal control systems & their adequacy:

The Company has adequate internal audit system commensurate with its size and nature of operations. The Audit Committee of the Board of Directors approves the internal audit scope every year and quarterly presentation to the audit committees are made by internal auditors as well as statutory auditors of the Company. The Management consistently reviews the internal control systems and procedures to ensure efficient conduct of the business conforming to the ethics and code of conduct of the Company.

G) Discussion on financial performance with respect to operational performance:

During the year ended 31st March, 2021, your Company reported total Income of Rs. 88,72,99,201/- which in comparison to previous year's figures have decreased by approximately 3.12 %, this is due to Textile Industry experiencing a downfall. The Net Profit after tax and OCI is Rs. 67,85,232/- as compared to Rs. 6,912,477/- in previous year marking a reduction of approximately 1.84% but the overall profit carried forward to the Balance Sheet is Rs. 136,682,495/- which has increased by 5.22% as compared to previous year's figure.

H) Human Resource Policies:

Your company considers its human resources as its most valuable assets, among all other assets of the Company. It has been the policy of the company to actuate the talent by providing opportunities to develop themselves within the organization. The company continued to have maintained very cordial & harmonious relations with its employees.

- I)** Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefor, including:

(i) Debtors Turnover

INDEPENDENT AUDITOR'S REPORT

To,

The Members of Sunil Industries Limited

Report on the Standalone Ind AS Financial Statements

Opinion

1. We have audited the accompanying standalone Ind AS financial statements of **Sunil Industries Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2021, and the Statement of Profit and Loss (including other comprehensive income), the statement of Cash Flows and the statement of changes in equity for the year then ended, and notes to the financial statement including a summary of significant accounting policies and other explanatory information (**herein after referred to as "standalone Ind AS financial statements"**)
2. In our opinion and to the best of our information and according to the explanation given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March 2021, and its financial performance including comprehensive income, its cash flows and the change in equity for the year ended on that date.

3. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

4. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

5. Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements, that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind As) specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act; for safeguarding the assets of the Company; for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

6. Auditors Responsibility

Our objective are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

7. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section 11 of section 143 of the Companies Act 2013, we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable..
8. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance sheet, the statement of profit and loss including other comprehensive income, the statement of cash flow and the statement of changes in equity dealt with by this report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards (Ind As) specified under Section 133 of the Act, read with relevant rule issued thereunder.
 - e. On the basis of the written representations received from the directors as on 31 March, 2021 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act;
 - f. We have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as of 31 March 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date and our report dated 30th June, 2021 as per Annexure II expressed.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial positions in its standalone Ind AS financial statements (Refer Note : 35);
 - ii. The company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the company.

Annexure II

Independent Auditor's report on the Internal Financial Controls with reference to financial statements and its operative effectiveness under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the standalone financial statements of **Sunil Industries Limited** ("the Company") as of and for the year ended 31st March, 2021, we have audited the internal financial controls over financial reporting (IFCoFR) of the company of as of that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the criteria being specified by management. These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements, that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles including the Accounting Standards. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles including Accounting Standards, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that

IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the criteria being specified by management.

Note 1 SIGNIFICANT ACCOUNTING POLICIES FOR THE YEAR ENDED 31.03.2021

i. Basis of preparation of financial Statements

a. Compliance with Ind AS

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("Act") read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

b. Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) Certain financial assets and liabilities that are measured at fair value;
- 2) Defined benefit plans – plan assets measured at fair value;

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

c. Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (not exceeding twelve months) and other criteria set out in the Schedule III to the Act.

The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (a) It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (b) It is held primarily for the purpose of being traded;
- (c) It is expected to be realized within 12 months after the balance sheet date; or
- (d) It is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the balance sheet date.

Current assets include the current portion of non-current financial assets all other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) It is expected to be settled in, the Company's normal operating cycle;
- (b) It is held primarily for the purpose of being traded;
- (c) It is due to be settled within 12 months after the balance sheet date; or
- (d) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current/non - current classification of assets and liabilities.

ii. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions effect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenditure during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding these estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

iii. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognized immediately in the statement of profit and loss.

a) Financial Assets

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognized using trade date accounting.

B. Subsequent measurement

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

C. Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The right to receive cash flows from the asset have expired, or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

D. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- * The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

* Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

b) Financial Liabilities and equity instruments

A. Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments - An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

B. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

C. Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the effective interest method or FVTPL. Gains and losses are recognized in statement of profit and loss when the liabilities are derecognized as well as through the Effective Interest Rate (EIR) amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

D. Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the DE recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss

c) Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the

Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

iv. Revenue Recognition

a. Revenue recognition

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) – ‘Revenue from contracts with customers’ using the cumulative catch-up transaction method, applied to contracts that were not completed as on the transaction date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets/ liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

b. Other operating revenue –

- i. Revenue from Job work is recognized when services are rendered.
- ii. Interest income is recognized on accrual basis.
- iii. Export Incentives under various schemes are accounted in the year of export.
- iv. Export sales are accounted for on the basis of dates of Bill of Lading. Gross Sales are inclusive of incentives/benefits, and net of sales returns.

v. Property, plant and equipment:

The Company had applied for the one time transaction exemption of considering the carrying cost on the transition date i.e. 1st April, 2016 as the deemed cost under IND AS. Hence regarded thereafter as historical cost.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items

Fixed assets are stated at cost of acquisition less accumulated depreciation if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready to use, as intended by management. The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Leasehold Land	99 years
Factory Building	30 years
Plant & machinery	08 years
Vehicles	10 years
Computer	03 years
Furniture	10 years
Office Equipment	05 years

Depreciation methods, useful lives and residual value are reviewed periodically, including at each financial year end.

“Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use the assets. Hence the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013”.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under ‘Capital work – in - progress’ Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably .Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred .The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

vi. Intangible assets:

Intangible assets are stated at cost less accumulated amortization and impairment .Intangible assets are amortized over the irrespective individual estimated useful lives on a straight – line basis ,from the date that they are available for use .The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

vii. Impairment of Assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the profit & loss account as and when an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

viii. Lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A. Finance Lease:

- a) Leases where the Company has substantially transferred all the risks and rewards of ownership of the related assets are classified as finance leases. Assets under finance lease are capitalized at the commencement of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount.
- b) Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.
- c) Assets given under a finance lease are recognized as a receivable at an amount equal to the net investment in the lease. Lease income is recognized over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

B. Company under operating leases:

The leases which are not classified as finance lease are operating leases.

- a) The Company as a lessee The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.
- b) The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right of use assets is measured at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognized in the balance sheet immediately before the date of initial application.
- c) The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognizes the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.
- d) The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

C. Transaction to Ind AS 116

- a. Ministry of Corporate Affairs (“MCA”) through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.
- b. The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

ix. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, bank overdraft, deposits held at call with financial institutions, over short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

x. Inventories

Inventories of Raw Materials, Packing Materials, are valued at Cost determined on FIFO basis or net realization value. Work-in-Progress, Stores and spares, Fuel, Oil & Gases, Waste, Finished Goods, and Stock -in-trade are stated ‘at cost or net realizable value, whichever is lower’. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are ‘First-in-First-out’, Weighted Average cost’ or ‘Specific Identification’, as applicable. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

xi. Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (1) those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- (2) Those measured at amortized cost.

The classification depends on the Company’s business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Profit and Loss are expensed in the Statement of Profit and Loss.

Equity instruments:

The Company measures its equity investment other than in subsidiaries, joint ventures and associates at fair value through profit and loss. However where the Company’s management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

xii. Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or charges in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or charges in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

xiii. Derivative financial instruments

Derivative financial instruments such as forward contracts, option contracts and cross currency swaps, to hedge its foreign currency risks are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognized in the Statement of Profit and Loss in the period when they arise.

xiv. Foreign Currency

Functional Currency

The functional currency of the company is the Indian Rupee. The financial statements are presented in Indian Rupees.

Transactions and translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the balance sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

xv. Employee Benefits

- a. Short Term Employee Benefits are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related service is rendered.
- b. Post-employment benefits are recognized as an expense in the Profit and Loss account for the year in which the employee has rendered services. The defined benefit obligation is provided for on the basis of an actuarial valuation on projected unit cost method.
- c. Long Term employee benefits are recognized as an expense in the Profit and Loss account for the year in which the employee has rendered services.

xvi. Taxation

- a. Provision for current tax is made with reference to taxable income computed for the accounting period, for which the financial statements are prepared by applying the tax rates as applicable.
- b. Deferred tax is recognized subject to the consideration of prudence, on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Such deferred tax is quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date. Deferred tax assets are recognized and carried forward to extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

xvii. Borrowing Cost:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

xviii. Government Grants:

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received, and all attaching conditions will be complied with. When the grant or subsidy relates to an expense item, it is netted off with the relevant expense. Where the grant or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

xix. Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes to the accounts. Contingent Assets are neither recognized nor disclosed in the financial statements.

xx. Segmental Reporting:

The company is primarily engaged in business of processing of fabrics and sale. The company also processes fabrics on job work basis. During the previous financial year the company had carried out activity of trading in sanitary napkins. However the revenue from processing on job work basis and trading in sanitary napkins during the year under review and in the preceding financial year is

less than 10% of the total revenue, the disclosure requirements of Indian Accounting Standard issued by the Institute of chartered Accountants of India are not applicable. Since there are no exports reporting on geographical segments is not required.

xxi. Recent accounting pronouncements

On March 24, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021 i.e. for FY 2021-22. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

A. Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under ‘additional regulatory requirement’ such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

B. Statement of Profit & Loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

xxii. The Code on Social Security, 2020

The Code on Social Security 2020 ('Code') has been notified in the Official Gazette on 29th September, 2020. The Code is not yet effective and related rules are yet to be notified. Impact if any of the change will be assessed and recognized in the period in which said Code becomes effective and the rules framed thereunder are notified.

xxiii. Critical estimates and judgments –

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results. Management also need to exercise judgment in applying the Company’s accounting policies.

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgment are:

- (i) Estimated useful life of PPE, investment property and intangible assets- Refer Note 2
- (ii) Probable outcome of matters included under Contingent Liabilities – Refer Note 35
- (iii) Estimation of Defined benefit obligation - Refer Note 29

* In the case of Excise Duty Liability, the Company had filed the appeal to CEGAT. An order was passed by CEGAT and has remanded the matter back to the Adjudicating Authority namely Commissioner of Central Excise, Thane-I. The management is of the view that the said demand will be deleted for which no liability will arise and in view of the same no provision is made as it will not impact the financial statements.

** In the case of Custom duty, the contingent liabilities is on account of the “departmental” appeal filed by custom authorities, the company had in fact received the order in its favor, in the first appeal. Therefore the management of the company is of the view that the departmental appeal would be dismissed in favor of the company, hence the same is shown as a contingent liability and no provision is made as it will not impact the financial statements.

*** In the case of TNVAT Liability, the company has filed appeal to the Sales Tax/VAT authorities. The management is in the view that the demands will be deleted and no provision is to be made as this will not impact the financial statements.

Note 40: Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short-term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Note 41: Financial Risk Management

Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial

instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through the managing board, which evaluates and exercises independent control over the entire process of market risk management. The managing board recommends risk management objectives and policies, which are approved by Senior Management.

Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Note 42: Capital risk management

Risk Management

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

Note: 44

The outbreak of COVID-19 pandemic globally and in India is causing significant disturbance and slowdown of economic activity. COVID-19 has significantly impacted business operations of the Company from the last fortnight of March, 2020, by way of interruption in production, supply chain disruption, etc. till the lockdown period. March to June is usually considered to be the peak period of sales for the Company's business. Partial resumption of production and dispatch has commenced from the second half of May, 2020.

The Company has made a detailed assessment of the recoverability of the Company's assets such as Inventory, Receivables, Investments, etc. as at the Balance Sheet date, using reasonably available

information, estimates and judgments and has determined that none of these balances require material adjustments to their carrying value. However, the impact of pandemic might vary from those estimated as on the date of approval of these financial statements and the Company will continue to monitor any material changes to the future economic conditions,

The Company had availed moratorium in respect of term loans (interest & installments) and interest on cash credit accounts up to August 31, 2020, and with the support of the lenders, believes in its ability to continue as a going concern and meeting its liabilities as and when they fall due in the foreseeable future.
